ASSISTANT SECRETARY TO GOVT. 25 AUG 1954 HEALTH, EDUCATION & LOCAL ADMN. DEPTT.

Sir,

Sub:- Schools - Government Secondary and Training Schools for Women, Cannanore - Employment of additional Specialist teachers - One Music and one combined Drawing and Sewing Mistress -

94786

There are 23 secondary sections with a strength of 951 and 4 training sections with a strength of 180 in the Government Secondary and Training School for Women, Cannanore. As there is only one teacher in the school for each of the three subjects, Music, Sewing and Drawing none of the three specialist teachers is able to cope with the work. I therefore submit that the school is in immediate need of the following additional staff:-

1) One Music Teacher.

2) One combined Drawing and Sewing Mistress.

The need for each of the two posts is explained below:-

(a) Music Teacher:Owing to inadequate specialist staff, Music in classes I to III is handled by class teachers, which is not a satisfactory arrangement and also the number of periods in each section is restricted to one though there should be at least e two periods. Even with this arrangement the Music Teacher has to do 30 periods of work which is too much for a teacher. If an additional teacher is sanctioned each of the two teachers will have about 22 to 25 periods of work, which is reasonable. An additional teacher for Music is therefore absolutely necessary to make adequate provision for teaching the subject.

(b) Combined Drawing and Sewing Mistress.

There is at present only one teacher in the school for each of the two subjects, Drawing and Sewing. Both the teachers are overworked as each of them is obliged to work for about 30 periods per week. Owing to inadequate specialist staff the provision for teaching of Drawing and Crafts has to be restricted and also the Class-teachers have to be entrusted with the teaching of the subjects, with the result that instruction in the subjects is not up to the mark. The syllabus in needle work, in correlation with Home Science is vast and one teacher is not able to proceed with the work quickly and satisfactorily. It is impossible for one teacher in each of the two subjects, Drawing and Sewing, to handle the subject in all the sections in the school. An additional staff of at least one Combined Drawing and Sewing Mistress is therefore absolutely necessary to enable a more satisfactory provision being made for Drawing and Sewing by increasing the number of periods alloted to each subject. If this additional post is sanctioned each of the 3 teachers will have 25 to 26 periods of work.

Government may sanction the employment of (1) One Music Teacher and (2) one Combined Drawing and Sewing Mistress in the Government Secondary Training School for Women Cannanore for a period from the date of employment to the end of the school year 1954-55.

3. I request the favour of early orders of Gove ment in the matter
